### CAUTIONS

- Do not operate the device if:
  - The electrical cord or plug is damaged
  - The unit is not working properly
  - The unit has been dropped or damaged in any manner
- Avoid hanging the cord over a counter or table where it can be pulled by children or tripped over unintentionally.
- Keep the cord away from heated surfaces.
- Unplug the device when not in use. Allow to cool before handling, cleaning, or storing.
- Clean with damp or dry cloth only.
- Use of attachments or adaptor not approved or provided by the manufacturer may cause hazardous conditions.
- The unit is only to be repaired by a qualified technician when found defective.

### TO ASSEMBLE AND OPERATE

- Carefully remove the parts from the packaging: including one lamp, right & left bases, adapter, x1 screwdriver, x2 screws, x2 3M base pads.
- Connect the plug pin from lamp to the pin in the base.

- Insert the lamp into the bases and screw them tightly.

- Stick two pads on the base to increase stability.
- Now the lamp is ready for use, place it on the table with a flat surface and plug it in.
- Press the power button to turn on.
- Quick press the light button to choose the color temperature you want: cool light, warm light or both.
- To adjust the brightness, press and hold the light button, the lamp has a stepless dimmer.

Press the power button to turn on/off

- Quick press the light button to select the color temperature
- Press and hold light button to select the brightness

- After use, turn off and unplug.
