

## LIBRA II

### WALL MOUNT HAIR DRYER

MODEL: ZHI-DRY-204-A

Hair Dryer

Thank you very much for purchasing our product.  
Please read our user manual carefully prior to use.

#### FEATURES AND FUNCTIONS

- The hair dryer features a variable temperature-control function that is reliable and well designed.
- The heater is made with long lasting stainless steel material.
- The hair dryer has hot perm, hair drying, hair treatment and spot caring functions.
- The temperature can be adjusted from room temperature to 75°C (167°F)

#### INSTALLING STEPS

- Insert the hair dryer assembly onto the tip end of the cantilever.

#### OPERATION

- Turn on the power switch to "LOW" or "HIGH", then turn the timer clockwise to set the suitable time and set the temperature control to the desired temperature.

#### ATTENTIONS

- Make sure the hair dryer and cantilever are securely fastened before operation.
- Do not use the hair dryer if it is abnormal or the power cable is aged.
- The hair dryer must be serviced by a qualified technician or serviced in the specified site.
- Turn the temperature knob to "COOL" position for at least one minute before turning off the "POWER" switch (red switch in the middle) in order to exhaust the hot air accumulated inside the hair dryer unit.
- Children should be monitored to ensure they do not play with the apparatus.
